GOLDEN, Colo. (Sept. 27, 2010) – Golden, Colo.-based Gift Basket Junction, the most decorated gift basket company in Colorado and soon the nation, has received three awards from the Gift Basket Association in San Jose, Calif.

The prestigious organization gave Gift Basket Junction first place in the “Decadent” and “Creative Genius” categories of the trade group’s annual design contest. Photos of both first-place baskets will be published in the association’s next *Trends & Tips Magazine*. Gift Basket Junction also received third place in the “Happy Hour” category with a gift basket of leis, margarita mixes, margarita glasses and mini-squirt guns in an ice bucket, all provided to “get the party started.”

The “Decadent” basket, designed as the perfect gift for a pair of lovers, contains two wine glasses, a jazz CD, cutting board, chocolates, cookies, gourmet olive oil, cheeses and more. The first-place “Creative Genius” basket contains chocolate covered coffee beans, cheeses, cheese board, crackers, mustard, sausages, cookies and more, all in an umbrella stand.

The awards continue a yearly trend in which Gift Basket Junction has collected numerous recognitions on a consistent basis since the company’s 2005 inception. Personal involvement by Gift Basket Junction Owner Deb Condo, from inception to execution, ensures that each gift supports her company’s objective of providing unique gifts, outstanding service, personal attention and reasonable prices.
